

# 2-Step Verification

Visit [Go365.com](https://Go365.com)

Click [Sing In](#)

Enter **Username**  
and **Password**

## We've made some changes to how you sign in

- On your first sign-in, you'll set up 2-step verification with your email address and have the option to add a mobile number
- Now whenever you access Go365® from a **new device**, we'll send you a one-time confirmation code that you'll use to sign in
- This helps us confirm it's really you and protect your account

 **Attention:** Delivery issues using Yahoo, Ymail, RocketMail or AOL email accounts have been resolved. If you are still experiencing delays, please try again. We apologize for the inconvenience.

Enter a new email address

A prompt will appear to **enter an email address** to receive a **verification code**

#### Making your account secure

- You need to confirm your email address to continue to your Go365® account
- When you confirm your email address, you're making your account secure by setting up 2-step verification
- Each time you sign in from a device we don't recognize, we'll send you a confirmation code
- This extra step helps make sure that only you can access your account

Start Healthy. Stay Healthy.

Hi [First\_Name]

### Your confirmation code

Your confirmation code is: [#####]

This confirmation code is temporary and will expire after 24 hours. If the code has expired, you will have to sign in and start the confirmation process again.

Once we have confirmed your email address, your 2-step verification will be set up and your account will be more secure. We will use this email address to confirm your identity if you sign in to Go365® from any unknown devices.

If you did not mean to confirm your email address with Go365, please delete this email.

Get the  
Go365 App

Once you receive the email, please **enter the verification code**

Success! Your email has been confirmed.

## Choose your preferred confirmation method

Now you can choose the way you want us to send you a confirmation code when you sign in with an unknown device. With your confirmed email address we can email you a code. Or, you can add a security phone number and receive codes by text message. The method you choose here will be your default confirmation method.

Choose a confirmation method:

- Email address
- Text message (You must enter a mobile number)
