

NOTICE REGARDING WELLNESS PROGRAM

WebMD/Limeade is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you will be asked to complete a voluntary health risk assessment or "VHRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include BMI, Blood Glucose, Cholesterol, and Blood Pressure screenings. You are not required to complete the VHRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive points for an incentive upon completion of the testing. Although you are not required to complete the VHRA or participate in the biometric screening, only employees who do so will receive points that can be redeemed for gift cards and merchandise.

Additional points may be available for employees who participate in certain health-related activities like walking or achieve certain health outcomes like meeting your weight goal. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting **855-330-5933** at **WebMD/Limeade**.

The information from your VHRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks and may also be used to offer you services through your medical carrier. You also are encouraged to share your results or concerns with your own doctor. WebMD/Limeade does not maintain or receive any PHI information from members.
